TOLL FREE: 1-866-414-1445

BENEFITS OF DRILL STICKS

- **Cost effective way to decrease viscosity**
- **Operational in both fresh & saline fluids**
- **Better Hole Cleaning in deviated holes**
- **Slicks and Coats Metal Surfaces**
- **Friction and Torque reduction**
- **Increases Drilling Efficency**
- **Decreased wear on shakers**
- **Helps prevent bit balling**

- **Enviromentally Friendly**

- **Bit Jets Cleaning**

- **Calcium inhibitor**

- **pH reduce**

(NOTE: Walnuts Shells can be add to increase Jets cleaning and also helps mud return)

Stick Name & Description
Many Other Sizes Based on Length & Diameter Are Available

Stock Part No. & Sizes
Stock Edmonton
Manuf. Sizes & Part No.'s
2-3 weeks Delivery

WONDER BIT STICK

TDS Sheet (Download) SDS Sheet (altachem@shaw.ca)

ACL-WDS

Water soluble condensate dispersible sticks containing both coating agent & friction reducers. D
Slick coating & foaming action increases efficiency by preventing clay's from sticking, balling up

ACL-WDS50

1 1/4 X 15

ACL-WDS75

1 3/8 X 16

WALNUT WONDER BIT STICK

TDS Sheet (Download) SDS Sheet (altachem@shaw.ca)

ACL - WWS

Modified Drill Bit Stick with higher concentration of surfactants and friction reducer plus 20 perc

ACL-WWS50

1 1/4 X 15

ACL-WWS75

1 3/8 X 16

DRILL BIT STICK

TDS Sheet (Download) SDS Sheet (altachem@shaw.ca)

ACL-DBS

Water soluble condensate dispersible sticks containing both coating agent & friction reducers. I
Slick coating & foaming action increases efficiency by preventing clay's from sticking, balling up

ACL-DBS50

1 1/4 X 15

ACL-DBS35

1 X 15

ACL-DBS75

1 3/8 X 16

SAPP STICK

TDS Sheet (Download) SDS Sheet (altachem@shaw.ca)

[ACL-SAP]

Water soluble condensate dispersible sticks containing a combination of surfactants, blended w

Primarily designed as a mud thinner/ dispersant and also used to make a low viscosity pill as it c

ACL-SAP

1 1/4 X 15
