ALTACHEM LTD.

STICKS-PELLETS-BALLS

(PRODUCTS IN STICK-PELLET OR BALL FORM)

DRILL BIT-WONDER WALNUT-SAPP-SLICK
 FOAM-CONDENSATE FOAM-OIL FOAM
 LIQUID FOAM-SAND FOAM-KWIK FOAM
 SELF AGITATING FOAM
 GAS GENERATING (AGITATING)
 COMBO FOAM-CONDENSATE FOAM
 COMBO FOAM-CORROSION INHIBITOR
 ACID-ACID CAP (ACIDIZING)
 CORROSION INHIBITOR (TYPE A-B-C)
 SCALE INHIBITOR-SALT INHIBITOR
 ASPHALTENE DISPERSANT
 PARAFFIN INHIBITOR
 ACID & ACID CAP (WELL ACIDIZING)
 CORROSION & ACID PELLETS
 PARAFFIN & SCALE PELLETS
 H2S SCAVENGER-IRON SULPHIDE (THPS)
 OXYGEN SCAVENGER
 CORROSION OXYGEN SCAVENGER
 COAL BED METHANE-DEFOAMER
 WATER SOLUBLE EMPTY TUBES
 WATER SOLUBLE PIGS
 OIL SOLUBLE PIGS

SOLID SOLUTIONS FOR PRODUCTION, MAINTENANCE & DRILLING

For more than 20 years ALTACHEM LTD. has been supplying solutions for the oil and gas industry with an unsurpassed commitment to excellence.

Located in the center of this nation's most active oil producing region, Select Industries continues to be an innovator providing soluble products around the globe.

Our products address and solve specific problems related to your production site. Even in extreme conditions where the well's fluid column is more than 70% composed of condensation, ALTACHEM LTD. still provides a soluble solution.

Coupled with the use of automatic delivery systems, you can provide "round-the-clock" attention to your well delivering the right soluble chemical right when the well needs it.

Unlike liquid treatments that only penetrate the upper surface area, ALTACHEM LTD'S time released chemical sticks, pellets or balls activate at the source. Water, Condensate. Sand, Scale Paraffin build up, Salt deposits, Corrosion, as well as rust are all eliminated in the most cost effective way possible.

ALTACHEM LTD. is the largest solid chemical stick supplier in Canada with a growing penetration supplying solutions around the world.

Drilling Specialty Sticks

Sticks to meet all kinds of Drilling situations, we have a solution.

" DRILL BIT (DRILLING/BIT BALLING/CUTTINGS RETURNS/JET CLEANING) STICKS"

Water soluble condensate dispersible sticks containing a coating agent & friction reducer. Designed to perform in fresh and salt water to increase the drilling efficiency & life of drill bits. The slick coating & foaming action increases efficiency by preventing clays from sticking, balling up the bit and plugging jets as well as optimizing mud and cutting returns & improving penetration into the formations. Most effective by dropping them down the drill pipe on connections as needed.

	Drill Bit Stick	Sizing & Part Numbers	Packaging: Cardboard Tube	Color: Blue
		1 1/4 X 15 – ACL-DB1	1 3/8 x 16 – ACL-DB2	1 5/8 x 18 – ACL-DB3

" WONDER DRILL BIT (DRILLING/BIT BALLING/CUTTINGS RETURNS/JET CLEANING) STICKS"

Water soluble condensate dispersible containing both coating agent & friction reducers. Designed to perform in fresh and salt water to increase the drilling efficiency & life of drill bits. The slick coating & foaming action increases efficiency preventing clays from sticking, balling up the bit and plugging jets as well as optimizing mud and cutting returns improving penetration. WONDER DRILL BIT STICKS are most effective by dropping them down the drill pipe connections as needed. They will start dissolving immediately. Eliminate any spill mess and minimize the Rig Time required.

	Wonder Drill Bit Stick	Sizing & Part Numbers	Packaging: Cardboard Tube	Color: Blue
		1 1/4 X 15 – ACL-WS1	1 3/8 x 16 – ACL-WS2	1 5/8 x 18 – ACL-WS3

" WALNUT WONDER DRILL BIT (DRILLING/BIT BALLING/CUTTINGS RETURNS/JET CLEANING) STICKS"

WALNUT WONDER DRILL BIT STICKS c/w WALNUT SHELLS are water soluble condensate dispersible sticks containing both coating agent & friction reducers. Designed to perform in fresh and salt water to increase the drilling efficiency & life of drill bits. Slick coating & foaming action increases efficiency by preventing clays from sticking, balling up the bit & plugging jets as well as optimizing mud and cutting returns improving penetration. With higher concentrations of surfactants and friction reducers plus 20 percent of fine Walnut shells. Prevents bit balling and clean a slightly balled-up bit when combined with high GPM circulation due to its blasting effect.

	Wonder Walnut Drill Bit Stick	Sizing & Part Numbers	Packaging: Cardboard Tube	Color: Blue
		1 1/4 X 15 – ACL-WWS1	1 3/8 x 16 – ACL-WWS2	1 5/8 x 18 – ACL-WWS3

" DRILL BIT (DRILLING/BIT BALLING/CUTTINGS RETURNS/JET CLEANING) STICKS"

SAPP STICKS are condensate-dispersible, water soluble sticks containing a combination of surfactants, blended with a sodium acid pyrophosphate and are primarily designed as a mud thinner/dispersant. However, other advantages that have been realized from the use of SAPP STICKS include; (1) Decreased wear on shaker screen due to thinner mud (2) Friction Reducer (3) Helps prevent the formation of "mud rings" (4) Helps prevent bit balling (5) Calcium Inhibitor (6) Ph reducer

	SAPP Sticks	Sizing & Part Numbers	Packaging: Water Soluble Tube	Color: Tan
		1 1/4 X 15 – ACL-SAP
